PROBLEMS

Jennie: “[The university doesn’t] accept the program language that I’ve learned so now I’m at a freshman level for the programming class, although I should have been at a junior level ... the flow chart that they gave me ahead of time, it did not specify what [programming] languages [I needed to learn].”

UNCERTAINTY ABOUT TRANSFER CREDIT

PROBLEMS

ADVISING CHALLENGES

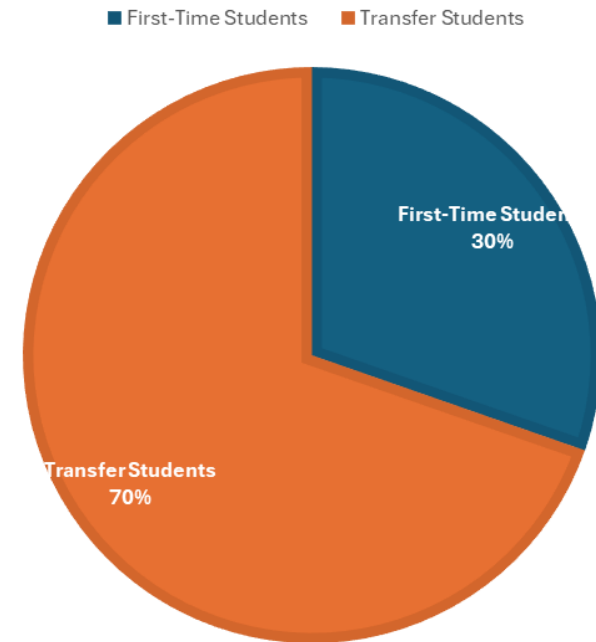

DELAYED GRADUATION

PROBLEMS

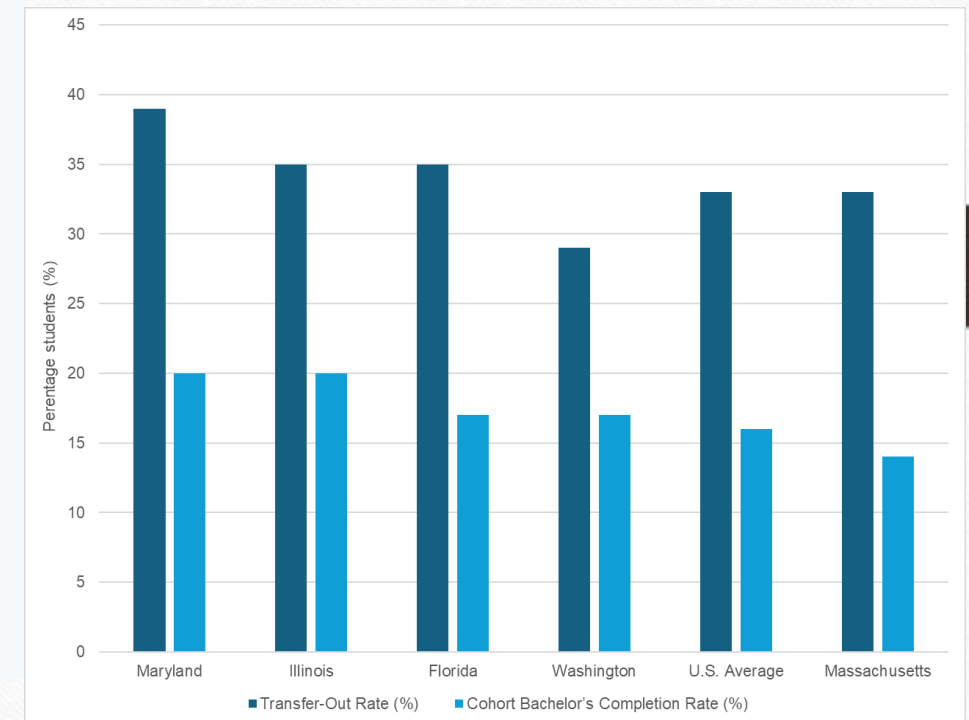

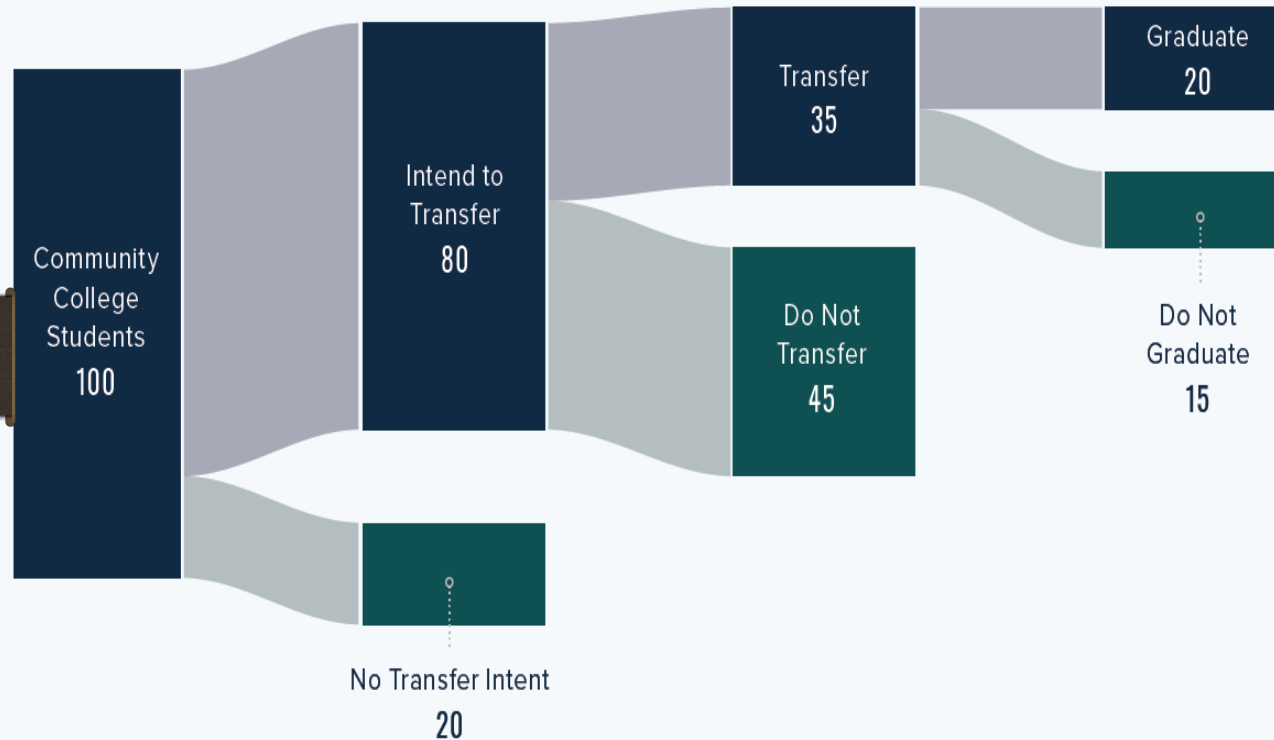

% DIFFERENCE (EXTRA COST DUE TO EXCESS CREDITS)

Transfer students spend more to obtain their degree compared to first time university students

Illinois Community Students Transfer Data

<https://partnershipfcc.org/publications/seamless-success/>
<https://ccrc.tc.columbia.edu/dashboard/tracking-transfer-state-outcomes.html>

SOLUTIONS

DEVELOPING A SOFTWARE FOR COMMUNITY COLLEGES AND UNIVERSITIES THAT WILL:

Providing automated transfer credit mapping

Generating clear degree completion pathways

Reducing advisor workload through automated course evaluations and structured plans

Improving transfer accuracy by eliminating manual errors in course articulation

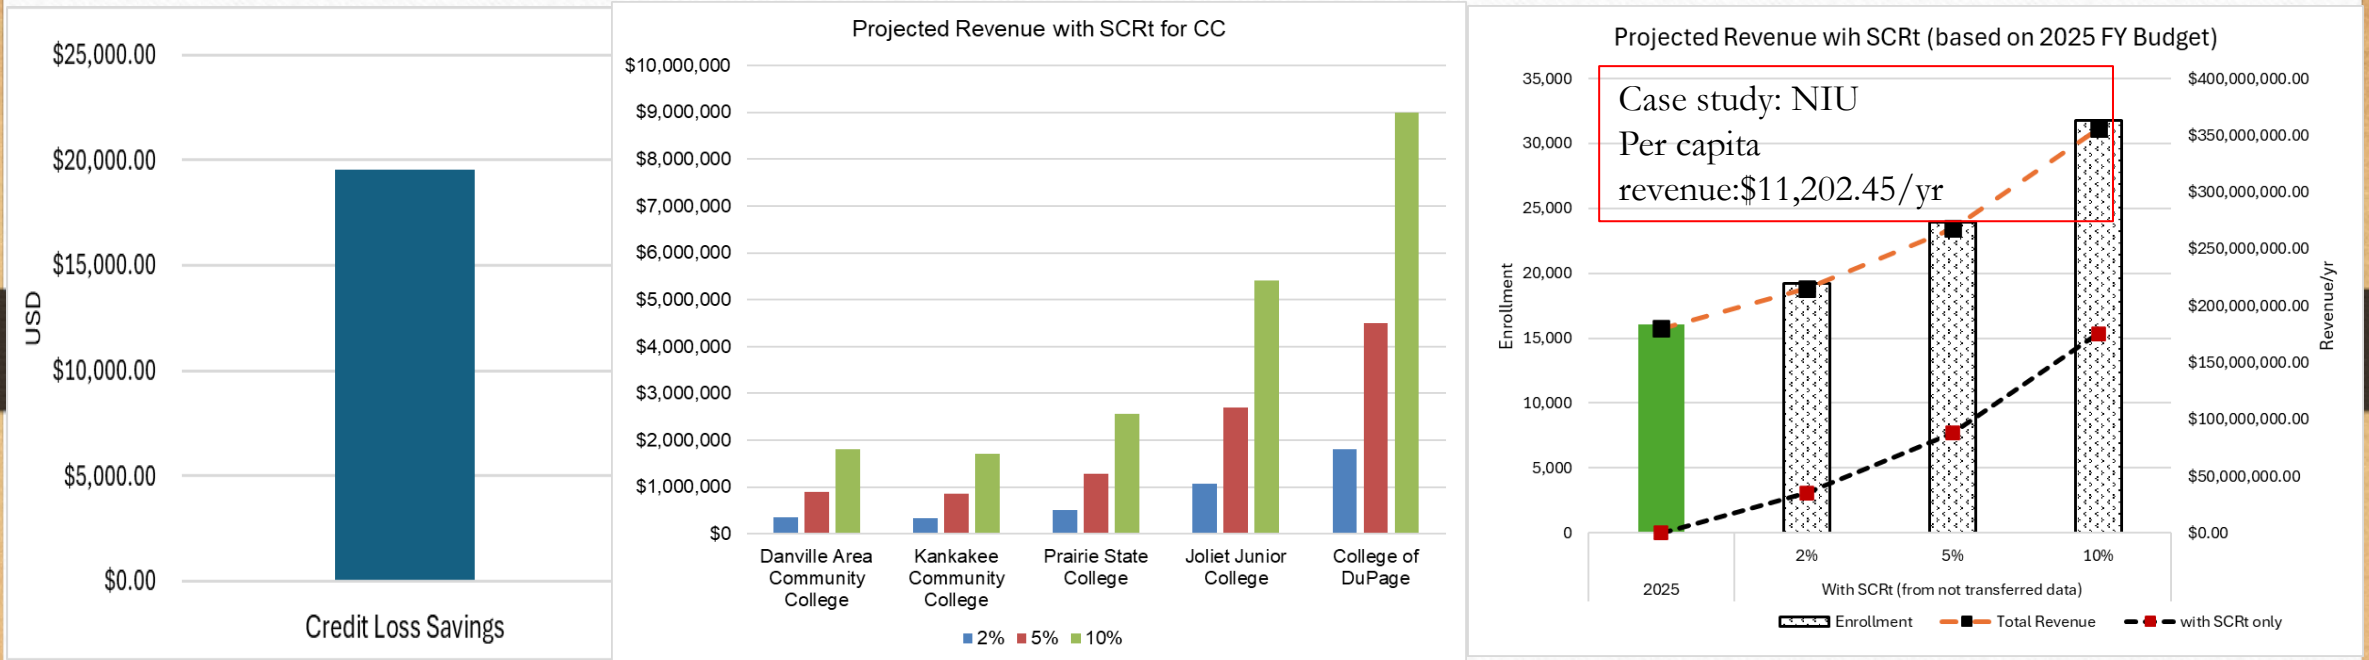

Increasing student retention and graduation through structured, transparent pathways

Supporting departmental planning with clear transfer alignment insights

SCRt Benefits both Parents (Students) and Schools

- Eliminates confusion,
- Eases advising,
- Roadmap to degree completion

Our COMPETITORS

Transferology

- Focuses on program equivalencies but doesn't give a full degree roadmap.

uAchieve (CollegeSource)

- Focused on first time students only

College Source TES

- Used by universities for course equivalencies. More administrative-centered than student-centered.

Feature / Capability	SCRt	Transferology	TES (CollegeSource)	uAchieve
Full degree roadmap	✔ Yes	✗	✗	Partially
Maps community college courses to specific graduation pathways/Real-time pathway generation	✔ Yes	✗	✗	✗
Designed for transfer students (not freshmen)	✔ Yes	✗	✗	✗
Advisor workload reduction (auto-planning)	✔ Yes	✗	✗	✗
Back-end partner dashboard (CC + university mapping)	✔ Yes	✗	✔ Yes (but admin-only)	✗
Program Equivalencies	✗	✔ Yes	✔ Yes	✗
Transparent credit transfer for students	✔ High transparency	⚠ Medium	✗	✗
Helps universities improve transfer completion metrics	✔ Yes	✗	✗	✗
Designed for freshmen/enrolled students	At Community Colleges	✗	At Universities and CC	At Universities
Student-facing + advisor-facing	✔ Both	✗	✗	✗
Course Equivalencies	✗	✗	✔ Yes	✗

CORE FEATURES

Back-end access to partner schools (wikipedia model)

Course transfer mapping

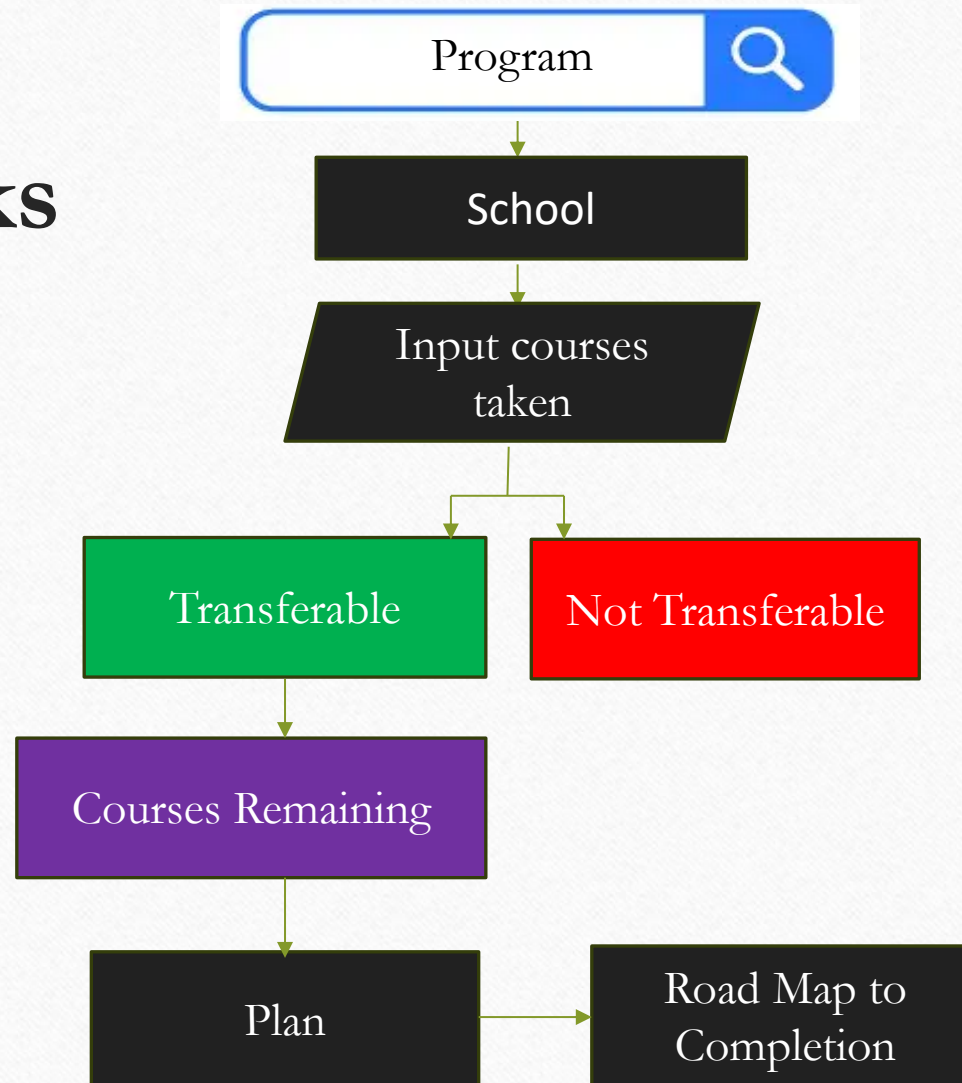

Prerequisite Tracking

Transferable credit check

Semester course planning

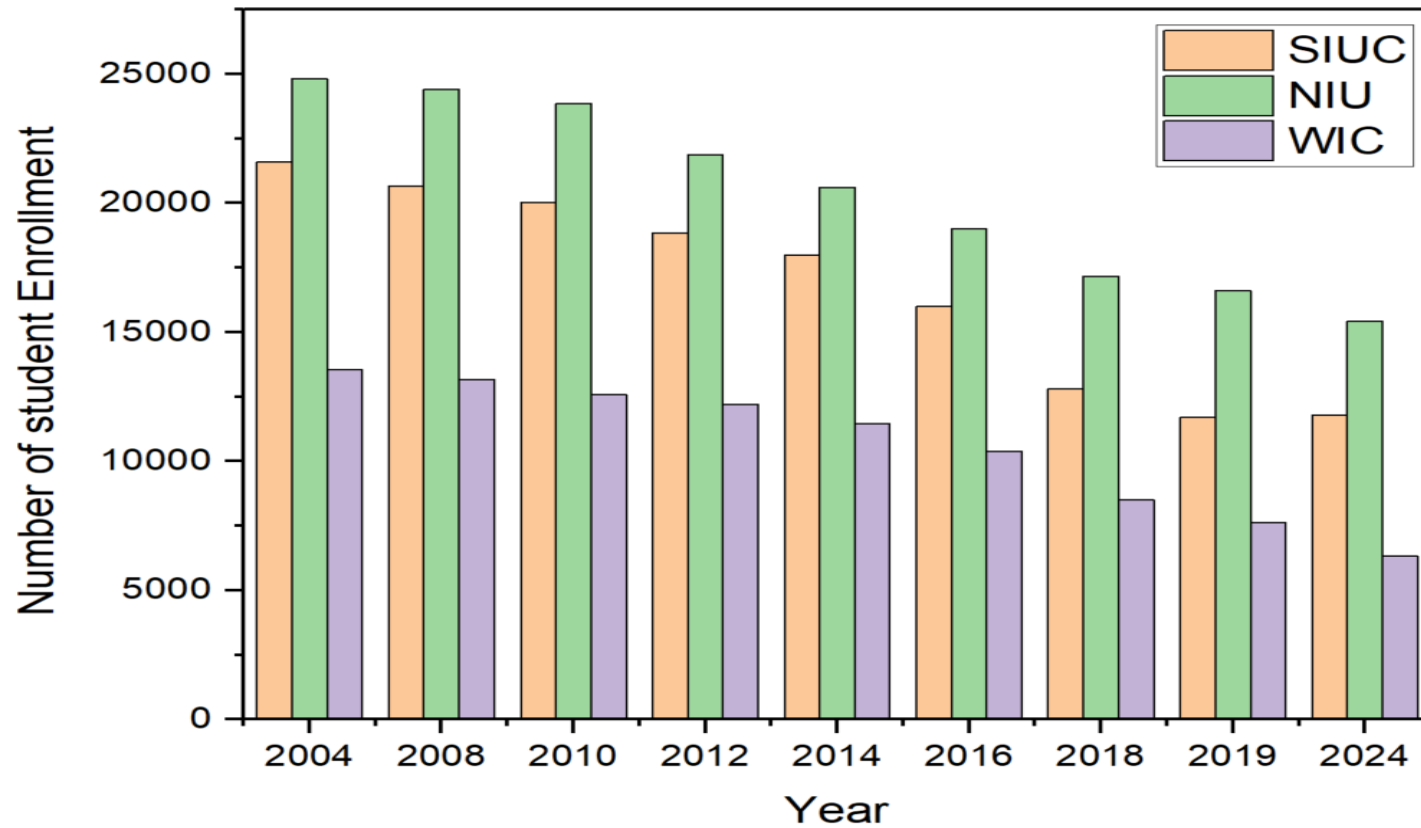

How it works

MARKET OPPORTUNITY

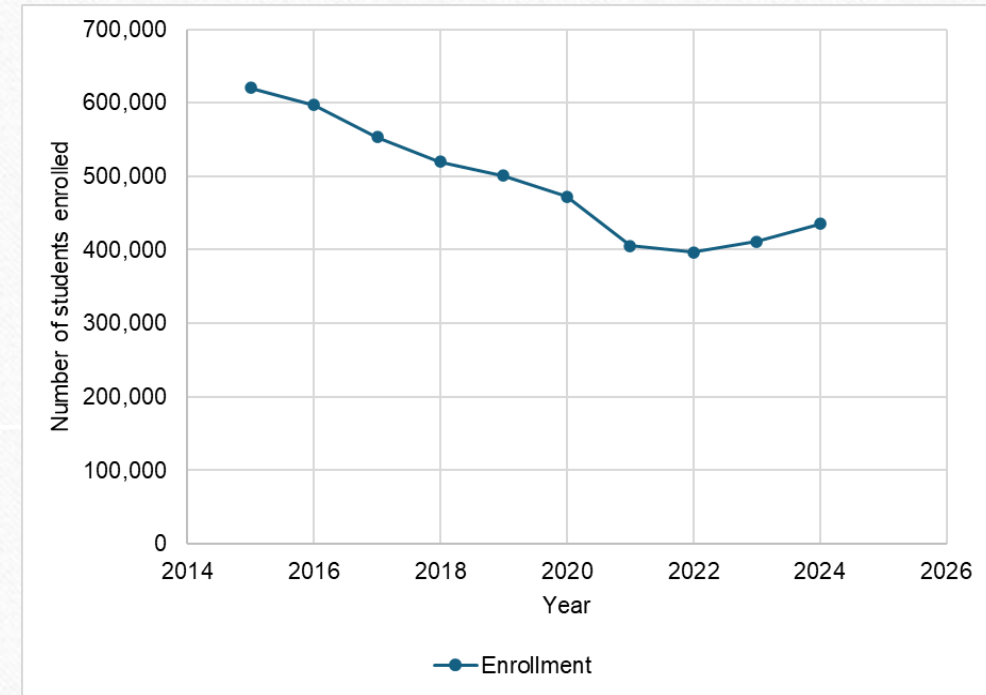

University with decreasing Enrollment in Illinois

MARKET OPPORTUNITY

Year	Community College Enrollment
2010	7.2 million
2015	6.5 million
2020	4.8 million
2024	12.4 million

Community College Enrollment in Illinois

49% of students at community colleges plan to transfer to four-year universities

Organogram

Internal Role	Legal Filing Title (LLC)
CEO	Managing Member
COO	Member or Manager
CFO	Member or Finance Manager
CTO	Member or manager

CEO (Ishaku Amos)

- Sets the strategic vision and long-term direction of SCRT.
- Leads relationships with colleges, universities, and education agencies.
- Oversees product roadmap and student-centered platform development.
- Represents the company to partners, investors, and grant bodies.
- Makes high-level decisions about partnerships and market expansion.
- Supervises executive leadership (COO, CFO, CTO).

COO (Francis Kubi)

Oversee day-to-day operations

Manage implementation with partner colleges.

Coordinate product rollout.

Lead customer support.

Optimize internal processes.

Monitor user metrics (student engagement, advisor adoption, retention).

Ensure platform quality, accuracy of course-transfer data, and pathway updates.

CFO (Chinwe Kamma)

Develop financial strategy.

Manage budgets, forecasting, and spending.

Oversee financial compliance, audits, reporting, and investor documents.

Coordinate grant applications (NSF, Department of Education, state education grants).

Analyze financial KPIs such as customer acquisition cost, lifetime value, and institutional partnership ROI.

Ensure long-term financial health as the platform expands to multiple majors or universities.
