Al,

ChE 210 meets MWF. You are welcome to visit the discussion of Friday if you like Anu, the TA, will be running the discussion and I have CC'ed on this email.

Lew

Hi Lew,
Just following up on my email below about visiting your 210 class. If today doesn't work, I maybe I can come during the Friday discussion period. Let me know.

Best,

Alan

Subject: Visit 210 tomorrow- new PEO review

Hi Lew,

As you know, the faculty revised our ChE Mission Statement and Program Educational Objectives a few months ago.

I sent an online survey to our external advisory board and alumni over the summer, and now I would like to survey our students before finalizing the PEOs.

Would you mind if I visited your CHE 210 class tomorrow afternoon for ~5 minutes to introduce our new PEO's to the students?
I'm hoping that I will get a better response if I talk to the students first before sending them the survey.

Thanks,

Alan
