

FINAL LAB PRESENTATION
EVALUATION FORM
CHE382 CHEMICAL ENGINEERING LABORATORY

TEAM #: 2 TUES AM LAB EXPERIMENT: Continuous Distillation

COMMENTS:

1. Organization

Time management- Just right

2. Presentation Delivery

Good eye contact, voice level good for all speakers

Answered questions well

3. Visual Aids

Slides are generally good with good use of space

4. Content

Objective good, Introduction and industry apps good.

Principles/theory: Very good

Experimental: Good, but add composition of reboiler and feed, sampling (3x)

Results: Very good

Analysis/Discussion: Very good

Summary: Good

Presentation Grade: (100 points max): 97/100
