

OCT 2025

Department of Chemical Engineering

FACULTY MEETING

UNIVERSITY OF
ILLINOIS CHICAGO

VALUE SYSTEM

Chemical Engineers Improve Lives

- Excellence in Teaching, Research and Mentoring with a Goal to Achieve Student Success, Value Addition and Enhanced Student Experience
- People: Strong Faculty And Professional Staff
- Scholarship
- Research and Teaching Leadership
- Financial Sustainability

VALUE SYSTEM

Diversity Statement

UIC chemical engineering fosters an inclusive environment that encourages, supports, and empowers diverse voices, ideas, and opinions. We value equity, inclusion, and all forms of diversity within our faculty, staff, and student population. Our multicultural, pluralistic community brings richness in experience, backgrounds, perspectives, and skills to all activities in the department.

VALUE SYSTEM

Program Educational Objectives

Chemical Engineering Undergraduate Program:

PEO	Category	Description
1	Depth	In engineering practice, <u>advanced study or original research</u> , UIC Chemical Engineering bachelor's degree graduates will be effective in applying <u>fundamental principles, scientific knowledge, rigorous analysis, creative design, and conceptual innovation</u> .
2	Breadth	Based upon mastery of engineering in a broad, societal context, UIC Chemical Engineering graduates will have <u>successful careers in the public or private sectors</u> , or in the pursuit of graduate education.
3	Professionalism	In the service of industry, government, the engineering profession and society at large, <u>graduates will function effectively in the complex modern work environment with clear communication, responsible teamwork, and high standards of ethics, professionalism, safety and protection of the environment</u> .
4	Life-long learning	Based upon a rigorous undergraduate program that is innovative, challenging, open and supportive, <u>graduates will enhance their skills and knowledge through life-long learning and demonstrate professional leadership</u> .

DEPARTMENT UPDATES

DEPARTMENT UPDATES

Important Dates

- Oct 3: Committee Assignments
- Oct. 27-31 Advising week & last chance to withdraw
- Nov. 2-6: 2025 AIChE week
- Nov. 21: Alumni event (tentative)
- Nov. 24: Purchasing deadline prior to December break
- Dec. 5: Last day of classes
- Dec. 8-12: finals week
- Dec. 16: Final day for orders
- Dec. 17: Grading deadline
- Jan. 12: first day of classes
- Jan. 19: MLK Jr. Day no classes
- Jan. 23: Last day to add/drop classes
- Feb. Career fair
- Mar. 16-20: Advising week
- Mar. 23-27: spring break
- April Expo
- May 1: last day of classes
- May 4-8: Finals week
- May 13: grading deadline

DEPARTMENT UPDATES

Updates

- Committee Assignments
- Belinda Akpa
- MS PharmaE Curriculum
- UIC – CAT Center
- Enrollment Updates
 - UG 188
 - Freshman: 69.6%
 - Transfer: 33.3%
 - Continuing: 2.5%
 - Graduate
 - PhD: 45
 - MS: 11
- Expenditures
 - \$3.54M
 - High Rollers: Anh, Brian and Meenesh
- ChE Sanctions Lifted (Brian – Details)
- Budget Constraints
 - UIC \$100M Deficit
- Visitor Meeting – Code of Conduct
- All future faculty meetings: In-Person

Broadly our story so far

STORY

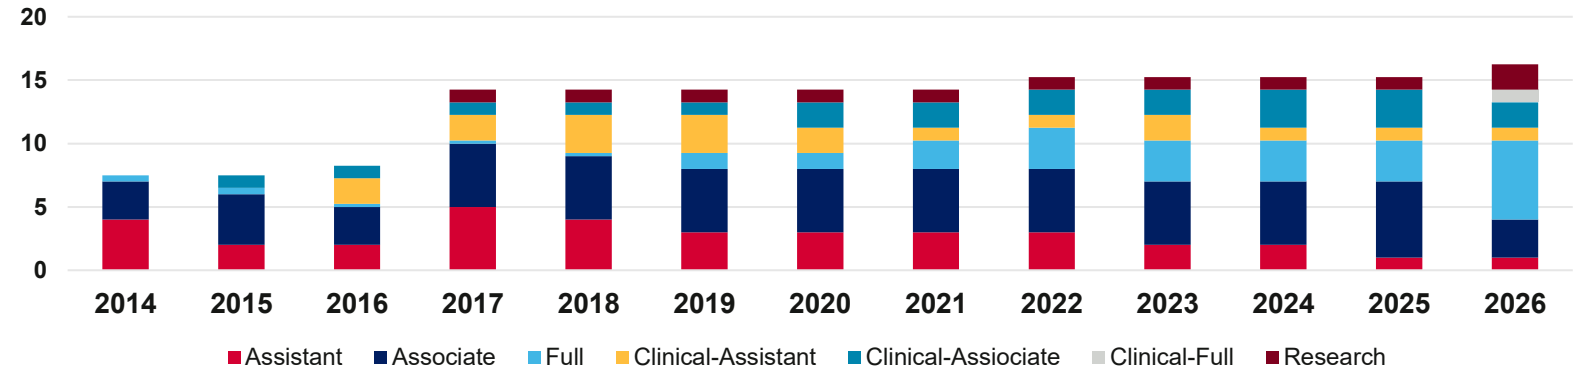

2019

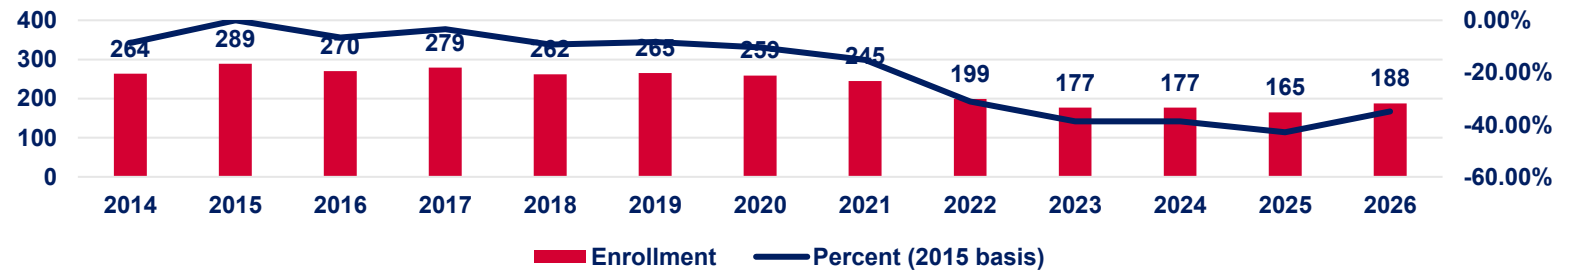

- State-of-the-art research laboratories
- Vibration-damped nanotech labs
- Energy labs: artificial leaf, fuel cells, solar cells, batteries
- Special facilities: bioprocessing lab, dark room, ultrapure water, X-ray spectrometer room
- Enables hands-on student training across new concentration tracks

DEPARTMENT UPDATES

Undergraduate Program – Alan Zdunek

Graduate Program – Brian Chaplin

Research Program – Vikas Berry

COE Executive Committee – Ying Liu

Associate Dean's Office – Ying Liu

Diversity Committee – Betul Bilgin

Entrepreneurs Club – Said Al-Hallaj

Chem-E-Connect Update – Ezinne / Korosh

DEPARTMENT UPDATES

MS in Pharmaceutical Engineering Discussion

- Discussed target student groups for the MS PharmE degree:
 - Continuing education (offer night classes)
 - International students
 - Domestic non-ChE BS/MS majors: Pharmaceutical science, chemistry
- Discussed the need to prepare non-ChE students by requiring pre-requisite courses and keeping separate requirements for BS ChE and non-ChE students.
 - Recommended offering night courses to attract more students.
- Discussion on “How value-added is this degree?”
 - Big pharma: Might be low as PhD’s are highly valued. MS PharmE students would be hired in ‘entry-level’ positions (this still could be good).
 - Biotech: Not sure, more research needed; ask industry for input
 - Recommended creating a survey to gauge interest in the degree through the AIChE Pharmaceutical Discovery, Development and Manufacturing Forum (PD2M)
 - Recommended to consider changing the name of the degree to broaden interest in the degree by supporting local (Chicago) strengths in biotechnology and pharmaceuticals.
 - Research value proposition and the target audience.
 - What programs at UIC are complimentary to the MS PharmE degree? (BME, PharmSci, Pharm). Recommended collaborating with these programs.
