

EPC meeting #1 Fall 2023

Sept 1, 2023

1:00-2:30pm

Attendees: Ataei, Komperda, Kosmach (until 2pm), Kotche, Troy, Wang, Zdunek

Meeting Minutes

Topics

1. Identify recurring biweekly EPC meeting for Fall 2023 **Biweekly Fridays 1-2:30pm**
2. Non-ENGR courses from other institutions – approve at 300 level **unanimously approved by EPC vote, not 400 level. Concern about Engr Mgmt major when they go for ABET approval in a few years but will revisit at that time.**
3. Global Tech – virtual study abroad <https://www.globaltech.uic.edu> shared with EPC for informational purposes. **COE will not accept credit towards any degree for this program.**
4. Restrict CS classes to CS majors **Shared for informational purposes at this time. CRS changes for approval coming. Departments will bring courses to Pat so CS is aware of required/common CS courses for other COE majors by 9/8.**
5. **Reminder: UIC policy – Max 4 course withdrawal, 2 max in any given semester.**
6. Option for BIOE students to change degree to BME **EPC voted unanimously not to allow retroactive degree name changes. Would potentially have impact on other depts that have had name changes as well.**
7. ENGR 100 – cross-list with major? **Jon suggested cross-listing with all COE majors and make each section limited to specific majors. Miiri to bring proposal back to EPC.**
8. CME curric revision – new modification: IE 201 **OR** CME 207 instead of IE 201 due to ABET necessity of probability content **EPC voted unanimously to approve.**
9. Articulation timeframe concerns **FYI**
10. COE Syllabus policy **Miiri to bring COB syllabus policy to EPC so we can draft a proposal.**

EPC meeting #2 Fall 2023

Sept 15, 2023

Attendees: Ataei, Komperda, Kosmach, Kotche, Troy, Wang

Meeting Minutes

Next EPC meeting rescheduled for 9/29, 2pm

CRS

1. CME 402 approved by EPC 9/15
2. CME 597 approved by EPC 9/15
3. BME 520 approved by EPC 9/15
4. CME 290 EPC approved . 9/15 prereq for CME 297/ME250 no longer wanted.
5. BME 310 approved by EPC 9/15, BME to decide if changes to prereqs BME and/or BIOE 240, Zhinan to notify Miiri when updated
6. ME 250 will not be changed to ME 150 due to impact on other units; MIE dept, please delete from CRS
7. CS 530 approved by EPC 9/15 pending update of course topics summing to 45 contact hours, Pat to notify Miiri when updated
8. CS 535 returned to CS 9/15. Pat to notify Miiri when updated to approve at College level; EPC approved 4.11.23 pending mapping of LO and assessment methods, was edited 9.12.23
9. CS 531 Pat to notify Miiri when updated to approve at College level minor typo edit to update LO4 to LO5, EPC approved
10. BME 474 returned to dept to map assessments to LO
11. ENGR 100 map assessments to LO; revert to "should take in first semester" to discourage later registration, return to Miiri/Simona for revision

EPC meeting #3 Fall 2023

Sept 29, 2023

Attendees: Ataei, Komperda, Kosmach, Kotche, Troy, Wang, Zdunek

Meeting Minutes

CRS

12. BME 534 – return to dept based on related feedback to MIE to incorporate ethics related to AI/ML. Question on how this is BME focused.
13. IE 348/ME 348 – EPC approved
14. ME 250 – Jon please delete in CRS since will not be changed to ME 150
15. CS 535 EPC approved 4.11.23 pending mapping of LO and assessment methods. Updated and approved 9/30/23
16. CS 531 minor typo edit to update LO4 to LO5, EPC approved 9/15/23 pending edit. Approved 9/30/23

OUTSTANDING CRS ITEMS

- CS 530 approved by EPC 9/15 pending update of course topics summing to 45 contact hours, Pat to notify Miiri when updated (9/15/23)
- BME 310 approved by EPC 9/15, BME to decide if changes to prereqs BME and/or BIOE 240, Zhinan to notify Miiri when updated (9/15/23)
- BME 474 returned to dept to map assessments to LO (9/15/23)
- ENGR 100 map assessments to LO; revert to “should take in first semester” to discourage later registration, approved after update (9/15/23)

Other topics

1. Advising
 - Faculty advisors should look at potential missing Math/science credits, not just specific courses
 - uAchieve report – even if all courses are complete, but “...” still shows, this means min. credit hours is not satisfied.
 - Why are graduation checks due before advising? (semester before). Intent to graduate is due before 3 week of graduating semester.
 - Jon K build query to identify students missing hours in his dept, can share with other DUS. Will dedicate one EPC meeting to learning how to build report.

2. Microcredentials/revised certificate policy – draft proposal (in documents folder) **shared with DUS as an FYI**

Certificate Name	Status	Term of Establishment	College	Department
Bioinformatics	Active	2006 Summer	Engineering	Bioengineering
Disaster Management	Active	2015 Spring	Engineering	Engineering Administration
Electromagnetics Technology	Active	2005 Summer	Engineering	Engineering Administration
Energy Efficient Building Design	Active	2018 Fall	Engineering	Mechanical and Industrial Engineering
Engineering Law and Management	Active	2005 Summer	Engineering	Engineering Administration
Materials Engineering	Active	2021 Fall	Engineering	Civil, Materials, and Environmental Engineering
Power Generation	Active	2018 Fall	Engineering	Mechanical and Industrial Engineering
Wireless Communication Technology	Active	2005 Summer	Engineering	Engineering Administration

3. 4+1 program (Jim Kosmach). *We'd like to get one started in ECE and would like to understand if anyone has any quick thoughts on how to get things started, how they work, etc. A small number of questions around the implementation such as do the students in the program get to take the graduate version (more hours) of a course and how many hours count towards both degrees.*
4. Enrollment Residence Requirement for Undergraduate Degrees **please remind faculty at next faculty meeting.**

<https://policies.uic.edu/educational-policy/enrollment-residence-requirement-undergraduate-degrees/>

Policy Statement: The enrollment residence requirement must be satisfied. In all academic units except the College of Business Administration, either the first 90 semester hours or the last 30 semester hours of University work must be taken at UIC. In addition, at least one-half of the semester hours required in the student's major area of study must be completed at UIC. Concurrent attendance at UIC and another collegiate institution or enrollment during the summer at another institution, when approved by the student's college, does not interrupt the UIC enrollment residence requirement for graduation.

5. COE GenEd – advertise to UG students - **please remind faculty at next faculty meeting to encourage engineering students to consider these GenEds**
 - a. IE 118
 - b. CME 111, 112
 - c. CHE 150

EPC meeting #4 Fall 2023

Oct 20, 2023

Attendees: Ataei, Komperda (late join, non-voting), Kosmach, Kotche, Troy, Wang, Zdunek

Meeting Agenda

1. CRS

- a. CS 110 DROP *MATLAB for Engineers* EPC approved
- b. CS 202 DROP *Part of the CS/ECE* EPC approved
- c. CS 455 DROP *Network Protocols* – not being dropped. Pat, please have CS withdraw from CRS
- d. CS 486 DROP *Secure OS Design* EPC approved
- e. CS 493 DROP *Special Problems* EPC approved
- f. CS 503 DROP *Applied Graph Theory* EPC approved
- g. CS 525 DROP *GPU Programming* EPC approved
- h. CS 527 DROP *Computer Animation* EPC approved
- i. CS 541 DROP *Software Engr Environment* EPC approved
- j. CS 542 DROP *Distributed Software Engr* EPC approved
- k. CS 545 DROP *Formal Methods* EPC approved
- l. CS 560 DROP *Fuzzy Logic* EPC approved
- m. CS 567/CME 567 DROP *CTS Principles* EPC approved
- n. CS 577 DROP *Object Stores* EPC approved
- o. CS 595 DROP *Departmental Seminar* EPC approved
- p. CS 596 DROP *Individual Study* EPC approved
- q. PSCH 510 (CS 510) DROP *Cognitive Science* EPC approved
- r. CS 530 (add) *Advanced Topics in HCI* EPC approved
- s. CS 517 (add) EPC approved pending moving content from “*Relationship of this course to similar courses offered by other academic units*” to “*Purpose of this course in relation to overall curriculum and relationship to other courses offered by primary unit*”:
- t. CS 519 (add) EPC approved pending (1) moving content from “*Relationship of this course to similar courses offered by other academic units*” to “*Purpose of this course in relation to overall curriculum and relationship to other courses offered by primary unit*”. (2) Delete reference to dropped CS 503
- a. BME 534 (revised): 9/29 returned to dept based on related feedback to MIE to incorporate ethics related to AI/ML. Question on how this is BME focused. All comments addressed: EPC approved.
- b. BME 523 (add) EPC approved. Zhinan will let Miiri know when Assessments are LO mapped in more detail.

- c. BME 474 (revised) returned to dept to map assessments to LO (9/15/23) – Dept will revise to 500 level course and resubmit.
- DS, CS+Des, CS+Ling, CS minor not available in CRS when looking for restrictions. – CS reached out to Dana Wright's office
- Concern about transfer GPIP students – not eligible because of course requirements. Miiri will contact Rose in ECC, cc: DUS, to find out how these courses might change.
- Discussed flow chart vs curriculum maps similar to U Buffalo / UIUC. Jon is going to reach out to see if he can get additional info.
- Discussed challenges associated with IAI and courses approved and therefore mandated by state law.

17. OUTSTANDING CRS ITEMS

- a. CS 530 approved by EPC 9/15 pending update of course topics summing to 45 contact hours, Pat to notify Miiri when updated (9/15/23)
- b. ME 250 – Jon please delete in CRS since will not be changed to ME 150

3. OTHER TOPICS

3. OUTSTANDING OTHER TOPICS

- a. Jon K built query to identify students missing hours in his dept, can share with other DUS. Will dedicate one additional EPC meeting for those interested to learning how to build report after advising?

EPC meeting #5 Fall 2023

Nov 3, 2023

Attendees: Kanich, Komperda, Kosmach, Kotche, Wang, Zdunek

Meeting Minutes

2. CRS

Reminder that committee wants to see courses requesting approval to have assessment methods mapped to learning outcomes.

- u. CS 107: Updating reference to old EECS rubric and credit restrictions. *Approved by EPC*
- v. CS 109: Credit not given reference updated to include CS 112 & 113 and remove CS 110 reference. Restrictions updated to include Engineering college and Summer Session only. *Approved by EPC*
- w. CS 111: Update credit restrictions to include CS 107 and 109 in "credit not given" courses. Course semester restrictions updated to fall - majors only, spring - everyone. *Approved by EPC*
- x. CS 112: Update "credit not given" to include 107 & 109. *Approved by EPC. Requires cross list approval by BIOS and LAS before COE approval can be submitted.*
- y. CS 113: Update 'credit not given' to include 107 & 109. *Approved by EPC*
- z. CS 141: Update pre-requisite and restrictions to include CS + majors. *Approved by EPC*
- aa. CS 151: Updated prerequisites and restrictions. *Approved by EPC*
- bb. CS 211: Update restrictions. *Approved by EPC*
- cc. CS 251: Update prerequisites (to accommodate CE students who take equivalent classes of CS 141 and CS 211) and restrictions. *Approved by EPC*
- dd. CS 261: Update credit restrictions. *Approved by EPC*
- ee. CS 301: Update restrictions. *Approved by EPC*
- ff. CS 341: Remove CS 261 from the Prerequisite list for CS 341 and update restrictions. The learning outcomes of CS 261 are not required material for the understanding of the CS 341 material. *Approved by EPC*
- gg. CS 342: Update restrictions *Approved by EPC pending update restrictions to include CE majors.*
- hh. CS 361: Update restrictions *Approved by EPC*
- ii. CS 362: Update restrictions *Approved by EPC*
- jj. CS 517: *EPC approved pending: "Relationship of this course to similar courses offered by other academic units" requires a response*
- kk. CS 519: *EPC approved pending: "Relationship of this course to similar courses offered by other academic units" requires a response*
- ll. BME 523 (add) *EPC approved pending assessments are LO mapped/updated. Complete.*

18. OUTSTANDING CRS ITEMS

- BME 474 (revised) returned to dept to map assessments to LO (9/15/23) – Dept will revise to 500 level course and resubmit.

4. OTHER TOPICS

1. ENGR 100 – How do students know they need to register for ENGR 100? Has College contacted them? How many students are anticipated to enroll in asynch ENGR 100?
2. GPIP transfer required courses: DUS will review courses and make recommendations to ECC as necessary.
3. TRANSFER ARTICULATION Non-ENGR 300 level courses (not 400 level):
 - I. Student took a Math 310 equivalent course at an ABET accredited University in the US – **Grant Transfer credit.**
 - II. Student took a Math 310 equivalent course at University in the US but not ABET accredited – **Grant Transfer credit** as Math 310 is not an Engineering course and should be considered equivalent if taken at a 4-year school.
 - III. Student took a Math 310 equivalent course at an ABET accredited University outside the US (International) – **Grant Transfer credit** due to school having ABET accreditation.
 - IV. Student took a Math 310 equivalent course at a University outside the US (International) that is not ABET accredited – **DO NOT GRANT CREDIT** unless recognized as accredited by ABET through Washington Accord
 - V. Student took a Math 310 equivalent course at a Community College – **DO NOT GRANT CREDIT.**

EPC meeting #6 Fall 2023

Dec 8, 2023

Attendees: Ataei, Komperda, Kosmach, Kotche, Troy, Wang, Zdunek

Meeting Minutes

1. ECE MS program change (non-thesis) to reduce credits from 40 to 36. Approved by ECE dept and DGS committee 12/1. **Unanimously approved by EPC 12/8. Jim K to notify Dana's office.**
2. ECE BS-MS Joint Degree proposal for EE, CE and EP. Approved by ECE dept and DGS committee 12/1 with a request for clarification on required GPA for admission. **Discussed comparison of CS, CHE joint programs as well as BME joint program. Hossein brought up likelihood of separate ABET accreditation approval for these programs apart from standard BS programs. Minimally will need to have separate outcomes for two student populations. Unanimously approved by EPC 12/8. Jim K to notify Dana's office.**
3. Proposal to eliminate GRE admission requirement for ECE graduate programs. Approved by ECE dept and DGS committee 12/1. **Endorsed by EPC 12/8. Jim K to notify Dana's office.**
4. DS – 8 hrs foreign language must be of a single foreign language? **Yes this is the intent of the CS dept, catalog should be updated.** <https://catalog.uic.edu/ucan/colleges-depts/engineering/cs/#undergraduateprogramtext>
LAS: Four semesters of a single foreign language at the college level (16)

CRS

5. CME 560 update **Unanimously approved by EPC 12/8.**
6. CS 517: **EPC approved pending: "Relationship of this course to similar courses offered by other academic units" refers to CS and not other units. Needs to be updated.**

OUTSTANDING CRS ITEMS

8. BME 474 (revised) returned to dept to map assessments to LO (9/15/23) – **Dept will revise to 500 level course and resubmit.**
9. CS 112: **Update "credit not given" to include 107 & 109. Approved by EPC. Requires cross list approval by BIOS and LAS before COE approval can be submitted.**

OTHER TOPICS

9. Study abroad ABET guidance for Engineering courses. Zhinan shared with Office of Study Abroad that ABET permits flexibility. COE concern that if we allow this for study abroad programs broadly, that we would need to permit this for any foreign (or domestic) institution which will increase articulation review for many international institutions. DUS reiterated concern for ABET accreditation. Alan, as representative for IES Abroad, is working with the org to develop umbrella partnerships. He rec'd having an IES rep to talk to EPC. Miiri will reach out for early spring meeting.
10. GPIP transfer required courses: DUS will review courses and make recommendations to ECC as necessary. BME has already identified courses.
11. ENGR 100 – can we restrict sections by major rather than make them hidden? Can register for a seat in their major, only shows courses with seats available. Students are sharing sections on Discord, and hiding CRNs is not really working.
12. Miiri to include links for EPC for faculty-led study abroad programs.

<https://studyabroad.uic.edu/faculty-advisors/program-development-grants/>

<https://studyabroad.uic.edu/faculty-advisors/develop-a-faculty-directed-program/>

EPC meeting #1 Spring 2024

Jan 19, 2024

Attendees: Komperda, Kotche, Smith, Troy, Wang, Zdunek

Meeting Minutes

1. Articulation of MATH 310 from community colleges
Miiri will reach out to Math head, Julius Ross to revisit discussion
 - a) If Math 310 is more aligned with UIUC's 400 level course, do we need a 200 level course?
 - b) Why are comm colleges 200-level courses articulated to this course if it is advanced level?
 - c) Possibility of creating a new 200-level course that is more appropriate for our needs?
13. ENGR 100
Can we cross-list this course with dept so it restricts registration? Is it feasible manage sections / registration expectations appropriately?
14. Study abroad consortium presentation
Miiri to invite IES rep join early spring EPC meeting. – Lee , Michael A
15. GPIP transfer required courses:
 - BME: completed
 - CHE: 201, 210 – will get dept approval

- CME: tbd
- CS. "At least 2 courses from UIC from following list" will get dept approval
- ECE: tbd
- MIE: At least 3 courses from UIC from following list – will work directly with Rose

EPC meeting #3 Spring 2024

Mar 1, 2024

Attendees: Komperda, Kosmach, Kotche, Ataei, Troy, Zdunek, Smith,

Meeting Minutes

1. Late registration and taking courses "off the book" for a grade change not acceptable. Creates more problems. (student previously registered for class, earned poor grade, instructor allows them to sit in class following semester and will issue a retroactive SGR grade change.)

Use of Incomplete grades: <https://registrar.uic.edu/student-records/grading-system/>

Course work is incomplete when a student fails to submit all required assignments or is absent from the final examination. Incomplete course work will normally result in a failing grade if it is not completed within the designated time limit. The "I" may be assigned in lieu of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all course work due to unusual circumstances that are beyond personal control and are acceptable to the instructor; and (c) the student presents these reasons prior to the time that the final grade roster is due.

2. COE students in exchange programs and articulations/expectations (specifically UIC global case of the student at Tec de Monterrey)? **DUS do not have bandwidth at this time for any individual cases; preferred method of CEA program approval.**

3. Joint degree – modifying credit hours allowed to transfer over.

"I brought this to the DGS on Friday. CS checked that they are okay with the 25% credit transfer for their MS degree since it makes it two classes at the 400level. ECE's has a new BS/MS program so I will follow up with them. I think this only affects joint programs and those are the only ones we have so far to my knowledge. – Carmen". 2/19/24

CS, CHE - ok

ECE – will confirm

MIE, BME, CME – no joint program

MIE/ CME – what about non-joint programs, should we have a limit of how many UG classes taken? Limit to 3 like MIE? (3 credits, not 4)

4. Additional prereq checks:

- a. very manual and time intensive tasks.
- b. review the prerequisites of each course and confirm they are accurate. If not, a revision will have to be requested via CRS for a future term. What we want to avoid are

instances where a department has published prerequisites for their students, but routinely does overrides for students from another department that need to take their course and/or treats another

- c. take the opportunity to think about whether they could simplify their prerequisites or have more standard prerequisites. As an example, many Psychology (PSCH) courses have related prerequisites that ensure students have taken benchmark courses (e.g., PSCH 100 and PSCH 242). If the prerequisite is shared, it makes it far easier to apply the enforcement. This may not ultimately work for programs in the Engineering, but it would be great if the departments can consider it.

DUS will send Miiri list of desired courses (primarily Sr Design) to request of Dana.

5. Fall 2024 ENGR 100 ONLINE for continuing students only: CRN 49288.

6. Articulation of MATH 310 from community colleges

Miiri reached out to Math head, Julius Ross, ongoing discussion.

7. ENGR 100

Miiri shared that this remains on the radar but logistical issues remain: Can't cross-list with multiple depts at the section level. Do we want to create dept specific courses and move administration to depts?

CURRENT CRS ITEMS

DUS will review/vote by email:

1. BME 574 – approved by email approved 3/11/24
2. ME 347 – approved by email approved 3/11/24
3. ME 444 – approved by email approved 3/11/24
4. ME 445 – approved by email approved 3/11/24

OUTSTANDING CRS ITEMS

10. CS 112: Update "credit not given" to include 107 & 109. *Approved by EPC. Approved by BIOS on 1/19/24, waiting for LAS crosslist approval.*

OUTSTANDING OTHER TOPICS

1. Study abroad CEA – Feb presentation. *Feedback in next EPC meeting?*
2. GPIIP transfer required courses:
 - BME: completed
 - CHE: 201, 210 – will get dept approval
 - CME: tbd

- CS. "At least 2 courses from UIC from following list" will get dept approval
- ECE: tbd
- MIE: At least 3 courses from UIC from following list – will work directly with Rose

EPC meeting #4 Spring 2024

Mar 15, 2024

Attendees: Ataei, Komperda, Kosmach, Kotche, Smith, Troy. (abs Zdunek)

Meeting Minutes

AGENDA TOPICS

1. ABET 400-level CS classes transfer from non-ABET universities (intl or USA) eg. Devry **follow current policy not permitting transfer of 300 level courses from non-ABET institutions, also CS is currently ABET accredited so following ABET rules now**
2. Accept ECE 225 in lieu of ECE 210 for all non-ECE majors? **BME, MIE, CME yes for transfer only**
3. Study abroad CEA – Feb presentation. Feedback? **Miiri to validate, draft email communication to DUS, to send to faculty and link to website. Miiri will follow up CME, ECE major options.**
4. Double majoring in COE. Policy needed for Sr Des and are there any major combinations not acceptable (CE, EE?) – currently BME/ECE major, what courses are acceptable to make up credits for only 1 senior design sequence?
<https://engineering.berkeley.edu/academics/majors-and-minors/major-options/>
EPC discussed at length, and ultimately concluded that COE should not allow concurrent double majors in engineering disciplines due to ABET concerns
5. ENGR 100 Are departments considering bringing into dept?
 1. **BME students who missed ENGR 100 causing near graduation delay created desire drove discussion. We think Simona's efforts to reach out to students who have not registered will alleviate this issue.**
 2. **CME 197: freshmen seminar is a complement to ENGR 100, not redundant content**
 3. **If we are maxing out on freshmen sections, can we keep freshmen in fall A/B semester and all transfers to spring?**
6. Additional prereq checks: .
ECE and MIE sent to miiri already!

CURRENT CRS ITEMS

1. CME 494 **unanimously approved**
2. CME 594 **unanimously approved**

OUTSTANDING CRS ITEMS

11. CS 112: Update "credit not given" to include 107 & 109. **Approved by EPC. Approved by BIOS on 1/19/24, waiting for LAS crosslist approval.**

OUTSTANDING OTHER TOPICS

3. GPIP transfer required courses:

- BME: completed
- CHE: 201, 210 – will get dept approval
- CME: tbd
- CS. “At least 2 courses from UIC from following list” will get dept approval
- ECE: tbd
- MIE: At least 3 courses from UIC from following list – will work directly with Rose
- Joint degree – modifying credit hours allowed to transfer over.
 - “I brought this to the DGS on Friday. CS checked that they are okay with the 25% credit transfer for their MS degree since it makes it two classes at the 400level. ECE’s has a new BS/MS program so I will follow up with them. I think this only affects joint programs and those are the only ones we have so far to my knowledge. – Carmen”. 2/19/24
 - ECE –approved.
- Articulation of MATH 310 from community colleges
 - Math department requests meeting with their DUS for further discussion

EPC meeting #5 Spring 2024

Mar 29, 2024

Attendees: Ataei, Komperda, Kotche, Kosmach, Smith, Troy, Wang, Zdunek

Meeting Minutes

AGENDA TOPICS

6. Curricular analytics shared with DUS
 - <https://curricularanalytics.uic.edu>
 - <https://uofi.app.box.com/s/qvu6ex0roqdms1ixnsngdl6zxvfo201m>
7. Automated prereqs: submitted to Dana Wright for Spring 25 shared with DUS
 - ECE 396: Prerequisite(s): [ENGL 161](#); and [ECE 225](#); and [ECE 340](#) or [ECE 346](#) or [ECE 366](#).
 - ME/IE 396: ME 347 and IE 201; or IE 345 and IE 201. (Open only to seniors.)
 - ME 347: MATH 220 and CME 203 and ME 250

CS: Waiving foreign language requirement: LAS recently (past few semesters) updated their Foreign Language requirement waiver process and added the following line to the ways in which a student can receive a waiver of the FL requirement. 4/10 via email from Pat: “The official vote from the CS Undergraduate Committee is to accept the update of the Foreign Language Requirement by the College of LAS for the Data Science Program. Also, the committee voted to adopt any future changes made by the College of LAS to their Foreign Language Requirement except if the CS Undergraduate Committee explicitly voted to not adopt certain parts of the policy. This allows any future changes to be automatically accepted except if the UGrad Committee votes to exclude a future change.”

“By presenting evidence of entry to the U.S. for the first time at the age of 12 or older from a country where a language other than English is the dominant or official language.”

<https://catalog.uic.edu/ucats/colleges-depts/liberal-arts-sciences/#text>

The College of Engineering policy as it stands right now, does not have this option and showing a passport doesn't currently waive the FL requirement for Data Science majors.

4. Dual degree in COE. Discussion related to Senior Design – one project ensuring meeting all deliverables for each major vs two separate classes. Concern about instructors managing additional workload and precedent set for other students. Separate concern for ABET is lack of ECE advising. Hossein raised ABET concerns. Zhihan and Jim will work together with instructors to determine course of action for student and report back to EPC.

“Double Major, Double Degrees, and Second Bachelor's Degree”

<https://catalog.uic.edu/ucats/colleges-depts/engineering/#text>

(From Jon K: <https://engineering.berkeley.edu/academics/majors-and-minors/major-options/>)

- Articulation of MATH 310 from community colleges
Math DUS missed meeting with miiri 3/27/24, rescheduled for next week.
- 4. Study abroad CEA – Feb presentation. Feedback? Miiri working with CEA to update list of courses, will share with EPC to validate. Following Miiri will draft email communication to be sent to depts/faculty and link to website.

CURRENT CRS ITEMS

NONE

OUTSTANDING CRS ITEMS

12. CS 112: Update "credit not given" to include 107 & 109. *Approved by EPC. Approved by BIOS on 1/19/24, waiting for LAS crosslist approval.*

OUTSTANDING OTHER TOPICS

5. GPIP transfer required courses:
 - BME: completed
 - CHE: 201, 210 – will get dept approval
 - CME: tbd
 - CS. “At least 2 courses from UIC from following list” will get dept approval

- ECE: tbd
- MIE: At least 3 courses from UIC from following list – will work directly with Rose

EPC meeting #6 Spring 2024

May 10, 2024

Attendees: Ataei, Komperda, Kosmach, Kotche, Smith, Troy, Wang, Zdunek

Meeting Minutes

AGENDA TOPICS

8. MCS 260 to satisfy CS 109 requirements? The CS department already confirmed that it will satisfy the CS 111 requirement if they are new students or from AP credit/placement exam, but for non-CS majors? **In catalog : CS 107/109/111/112/113 are equivalent. Much discussion on this and ramifications. BME, CHE, CME, MIE to determine whether to accept CS 111 and equivalent in lieu of CS 109. For incoming new students with MCS 260 credit, academic advisor should not recommend to register for CS 109 in fall while depts/COE finalizes policy. (Also, side note - MCS 260 is being reclassified to MCS 160.)**
9. Too many retroactive semester withdrawals after finals. If we know who these students are in advance, academic advisors can reach out. How can instructors be more engaged to alert us/students about students who aren't attending? iAdvise (flag)? **Should COE send a message to faculty at mid-semester asking them to reach out to students not attending to be aware of deadlines? Jon relayed information about 3 students who have late W but were advised of poor grades in advance.**
10. GPPA: Allow GPPA students to take PHYS 141 at community college?
<https://uofi.app.box.com/v/General-GPPAConditions-2024>
Conditions: Starting from May 1, 2024 (National College Decision Day) all courses for the undergraduate degree must be taken at the University of Illinois at Chicago.
 Exceptions are made for AP credit and Community College credit earned while the student was enrolled in High School. Credit earned on study abroad experiences and special programs are also allowed. **Miiri or Ken to follow up with GPPA program if this is for PHYS 141 only or all courses. If GPPA allows, EPC votes (4 yes, 1 no) to allow GPPA students to take courses at community college. Confirmed that GPPA for COE MS students only, and only considering PHYS 141.**
11. Credit override for >18 hours. Do depts want to approve first? **EPC unanimously approved to have depts approve first. Miiri and Ken to specify process.**
12. CS foreign language requirement – following LAS policy. Reminder to CS: Students who place into higher level course and complete, will satisfy requirement but will be short credit hours towards degree.
13. Articulation of MATH 310 from community colleges

Math agreed to this and looking into any structural issues that would prevent a change.

CURRENT CRS ITEMS

1. CME 409 EPC unanimously approved pending removing “approval of CME 205 instructor”
2. CS 455 EPC unanimously approved

OUTSTANDING CRS ITEMS

13. CS 112: *Update "credit not given" to include 107 & 109. Approved by EPC. Approved by BIOS on 1/19/24, waiting for LAS crosslist approval.*

OUTSTANDING OTHER TOPICS

1. Study abroad CEA – Feb presentation. Feedback? Need all EPC to validate. Following this, Miiri will draft email communication to be sent to depts/faculty and link to website.

6. GPIIP transfer required courses:

- BME: completed
- CHE: 201, 210 – will get dept approval
- CME: tbd
- CS. “At least 2 courses from UIC from following list” will get dept approval
- ECE: tbd
- MIE: At least 3 courses from UIC from following list – will work directly with Rose
