

EPC meeting #1 Spring 2025

Jan 13, 2025

Attendees: Komperda, Kosmach, Kotche, Parde, Smith, Wang, Zdunek

Meeting Minutes

1. CRS

- BME 325 – remove CHE 313 reference, approved pending removal
- BME 332 – unanimously approved
- BME 339 – unanimously approved
- BME 396 – unanimously approved
- BME 397 – unanimously approved (Jon K raised ABET concern about delaying graduation with additional prereqs)

2. Program change for Masters of Energy (Komperda) – tabled until next meeting or vote by email. Jon K presented proposed changes and discussed rationale.

OUTSTANDING OTHER TOPICS

1. Faculty-led programs may result in need for College-wide policy about how courses get approved. BME, CME, MIE discussed creation of College-wide policy for faculty-led study abroad programs. Spring 2025 – need to have dedicated meeting to discuss. Or ENGR 494 course that is cross-listed with each dept.

2. Articulation of MATH 310 from community colleges

Math agreed to this and looking into any structural issues that would prevent a change. Response from Nathan Jones (DUS Math) on 12/3/24: “The status is that there is an ongoing internal conversation in our department about how this change could affect our MCS major. Unfortunately we did not make the Dec 2 deadline for the CRS changes for Fall 2025, but it is important to get this done right. I will keep you updated as soon as those internal discussions have been resolved.”

EPC meeting #2 Spring 2025

Jan 27, 2025

Attendees: Carmen Lilley, Jim Kosmach, Ken Smith, Miiri Kotche, Natalie Parde, Jon Komperda, Hossein Ataei, Alan Zdunek, Zhinan Wang, Michael Charles (student) + 3 others

Meeting Minutes

1. AKKNOWLEDGE - COE student founded software platform for identifying study groups

Michael Charles and other students presented: <https://www.akknowledge.com/>

Jon Komperda shared concerns about legal liability and encouraged them to meet with him.

2. Co-op MS track (Carmen)

Carmen will finalize documents, work with depts to update 591 courses to 4 credit hours, not variable. Allows students to take internship course two times.

3. Joliet Junior College – course articulation for free elective in COE? (document in folder).

Miiri and Ken will follow up to see how we are able to potentially change verbiage to allow engineering courses for free elective (impacts CS, CHE, MIE).

- CHE: Electives outside the CHE rubric (3)
- CS: Free Electives (9)
- ME: Electives outside the ME Rubric (3)

“It’s not possible to articulate this course as Free Elective unless it can be used by all the majors offered in the College as Free Elective. How about for now, I will have it articulated as NON-MAJOR ENGR which means not applicable toward an engineering degree but for non-engineering majors it can be used as a Free Elective. If the other ENGR departments are on board with allowing this class to count as a general free elective, I can then request to have it updated to FE for a future term. Is this something that’s discussed at your EPC meeting?” (Elena Diaz, advisor)

4. Combined BS/MS joint program – 4 credit hours for students who do not persist to MS

MIE has BS/MS joint degree moving through approval process. Dana Wright and Cari Melby told Jon that there is a way to code such that 4 credit hours are received as undergrads for 3 hour class but only 3 hours used for UG, 1 hour used for Grad program. This impacts ECE and CHE existing joint programs, so need to understand how to notate/code this. Miiri contacted Dana and Cari to understand how to notate this for degree audits.

OUTSTANDING OTHER TOPICS

1. ENGR 100 – alternating weeks vs Term A / Term B

While exploring options to make the CRN for sections visible and major specific, one option is to create the course in alternating weeks throughout the course of the term. Currently ENGR 100 is 8 weeks, freshmen in Term A and transfer in Term B, due to space considerations. This change could address multiple current challenges, but are there disadvantages? **Tabled discussion.**

2. Faculty-led programs may result in need for College-wide policy about how courses get approved.

BME, CME, MIE discussed creation of College-wide policy for faculty-led study abroad programs. Spring 2025 – need to have dedicated meeting to discuss. Or ENGR 494 course that is cross-listed with each dept.

3. Articulation of MATH 310 from community colleges

Math agreed to this and looking into any structural issues that would prevent a change. Miiri to follow up at end of Nov, when Math dept has dept discussion/vote on this

EPC meeting #3 Spring 2025

Feb 10, 2025

Attendees: Ataei, Komperda, Kosmach, Kotche, Parde, Smith, Wang

Meeting Minutes

CRS APPROVALS

1. CME 429 – Jon shared email thread from Dana's office (SCEP) regarding need for all AI courses to have ethics component. Hossein will discuss with course proposer and revise as necessary.
2. CS 218 – approved pending Natalie verifying with Cari Melby (DARS) that prereq ensures COE students can enroll with MATH 180. @Natalie let Miiri know when confirmed and/or updated in CRS
3. CS 292 – tabled until next mtg
4. CS 415 – tabled until next mtg
5. CS 426 – tabled until next mtg
6. CS 561 – tabled until next mtg
7. CS 589 – tabled until next mtg
8. ENER 420 – approved pending addition of Grad College updated and approved 2/11/25
9. ENER 422 – dropped, approved
10. ENER 424 – dropped, approved
11. ENER 429 – dropped, approved
12. ENER 450 – dropped, approved
13. ENER 451 - approved
14. ENER 553 – approved pending addition of Engr College updated and approved 2/13/25
15. ME 422 - approved
16. ME 424 – approved
17. ME 429 – approved
18. ME 450 – approved
19. CS 107 / 109 / 111 / 151 – EPC approved 11/4/24, pending reference to MCS 160/260, etc, changes submitted 2/10/25

OTHER TOPICS

1. Program change for Masters of Energy (Komperda) – EPC approved

PENDING OTHER TOPICS

2. Faculty-led programs may result in need for College-wide policy about how courses get approved.
Recent discussions suggest this issue can be handled within the departments.

3. Articulation of MATH 310 from community colleges

2/7/25 update from Math DUS: “the internal issue with our MCS group is resolved. I will now put this to a formal committee vote (the committee is meeting on February 18) and then we can proceed from there (I do not anticipate any other issues coming up but will let you know if any do).”

EPC meeting #4 Spring 2025

Feb 24, 2025

Attendees: Ataei, Komperda, Kotche, Smith, Wang, Zdunek

Meeting Minutes

PENDING TOPICS

1. Faculty-led study abroad programs may result in need for College-wide policy about how courses get approved. **Handled within the depts.**
2. Articulation of MATH 310 from community colleges
2/7/25 update from Math DUS: “the internal issue with our MCS group is resolved. I will now put this to a formal committee vote (the committee is meeting on February 18) and then we can proceed from there (I do not anticipate any other issues coming up but will let you know if any do).”
3. ENGR 100/101 modification. Course modifications such that ENGR 100 is for freshmen and ENGR 101 is for transfer students. Course sections will be dept specific and visible to students for registration, with holds removed as necessary, fast-tracked after COE/classroom scheduling/academic affairs meeting on 2/14/25, effective Fall 2025. Courses will run 15 weeks, meeting every other week with asynch content incorporated. Need to consider workload for 0 credit hour, potential future consideration of graded course rather than S/U?
 - **Jon asked if we can check with Dana to do a bulk minor curricular revision for all programs that ENGR 100 and ENGR 101? Miiri will follow up.**
 - **Can we phase out the fully asynch ENGR 100 CRN at some point?**
 - **Ken will develop and communicate policy for permitting ENGR 101 exceptions.**
 - **Ken will manage bulk removal of registration holds for students to register for specific majors.**
4. BME request to accept CS 109, CS 107, CS 111 or CS 112, not just CS 109. **Zhinan will determine if BME will proceed with explicitly mentioning as a program/catalog change.**
5. ABET
 - **Zhinan, Miiri, Jamie, Loay attending ABET conference**
 - **1 mo, 1 course reduction**
 - **TA for Fall /Spr/Su**
 - **EXPO: Meets, does not meet, exceeds expectations – Miiri to schedule separate meeting to identify survey questions.**
6. DUS
(>900 \$12,500; 751-900 \$10,000; 350-750 \$10k, <350 \$5,000)

- BME: \$5k, 1mo, 1 course
- MIE: \$10k (enrollment based, will be \$12,500), 1mo, 1 course
- ECE: \$7500 (enrollment based), 1mo, 1 course
- CHE: \$5k, 1mo, 1 course
- CME: \$7500, 1 mo
- CS?

PENDING CRS APPROVALS

1. CS 218 – approved pending Natalie verifying with Cari Melby (DARS) that prereq ensures COE students can enroll with MATH 180. @Natalie let Miiri know when confirmed and/or updated in CRS
2. CS 292 – tabled until next mtg
3. CS 415 – tabled until next mtg
4. CS 426 – tabled until next mtg
5. CS 561 – tabled until next mtg
6. CS 589 – tabled until next mtg

EPC meeting #5 Spring 2025

Mar 10, 2025

Attendees: Ataei, Komperda, Kosmach, Kotche, Parde, Smith, Wang, Zdunek

Meeting Minutes

CRS APPROVALS

1. BME 560 – not ready for college approval
2. CHE 426 - approved
3. CHE 427- approved
4. CHE 451- approved
5. CHE 499 - approved
6. CME 290 – approved, pending Miiri's update to every spring semester frequency
7. CME 429– approved
8. CS 292 - approved, Miiri requested Natalie to share syllabus to inform ENGR 100 TA training
9. CS 415 - approved, Jon inquired if MIE students could register; Natalie is verifying. Instructor confirmed open to MIE students (3/10/25)
10. CS 426 - approved by EPC, but requires CADA approval first
11. CS 561 - approved
12. CS 589 - approved pending (i) update assessment methods to map to learning outcomes and (ii) update to 4 credit hours. Updates made 3/17/25, CRS approved 3/19/25
13. CS 218 – CS updated, and COE approved 3/9/25

OTHER TOPICS

1. Prereq checking: add CS 341, CS 361, and CS 362 – Miiri to submit request to Dana

PENDING OTHER TOPICS

1. Articulation of MATH 310 from community colleges
2/25/25 update from Math DUS: "Our Undergraduate Studies Committee voted last week to approve changing MATH 310 to a 200-level course. Our office will now start the process of moving forward to get this change implemented in the CRS system. I will continue to keep you posted on any major developments as they occur."
2. ABET support: Miiri to present to Heads/Dean: 1 month/1 course reduction (and/or overcomp); TA for Fall 25/Spr 26/Su 26

EPC meeting #6 Spring 2025

April 7, 2025

Attendees: Ataei, Komperda, Kosmach, Kotche, Lilley, Parde, Smith, Wang, Zdunek

Meeting Minutes

OTHER TOPICS

1. MS degree – coop track (Carmen):
 - a. Proposal: update effective date to Fall 2026
 - b. Catalog changes: update ENGR 4XX in Civil Engr program.
 - c. CRS ENGR 490: Correct – restricted to Graduate College; map assessments to LO; change to letter grades, not S/U
 - d. Need each department's DEPT 590 or 591 coop course in CRS for review together.
2. ABET support - Miiri to present to Dean: 1 summer month COE /1 course reduction from Dept; GA for Fall 25/Spr 26/Su 26 (COE or Dept?)
3. Miiri to revisit weekly registration reports for each dept. Request for 3 files: course registration, course % registration and dept registration
4. Faculty advising – process modification (Ken) - tabled until May 5
5. ENGR 100 for Fall 2025 – tabled until May 5

PENDING OTHER TOPICS

1. Articulation of MATH 310 from community colleges
2/25/25 update from Math DUS: “Our Undergraduate Studies Committee voted last week to approve changing MATH 310 to a 200-level course. Our office will now start the process of moving forward to get this change implemented in the CRS system. I will continue to keep you posted on any major developments as they occur.”

EPC meeting #7 Spring 2025

April 21, 2025

Attendees: Komperda, Kosmach, Kotche, Parde, Smith,

Meeting Minutes

CRS APPROVALS

1. CHE 101 – approved,
2. CS 426 – approved, but **needs to be approved by CADA first**; MK add additional prereq to auto prereq request list
3. CS 561- approved
4. CS 107 – update error, just fyi
5. CHE 591 – Alan to send to DGS committee for approval before coming to EPC for vote. Does language need to say “may not be repeated for credit”

OTHER TOPICS

1. ABET support:
Sent recommendation to Heads and Deans – no response / concerns
 - 1 course buyout covered by the College
 - 1 summer month covered by dept
 - 25% TA support for 2 semesters covered by dept
2. Document process for curriculum revisions (like a flow chart)
 - **Miiri to provide process language for (1) UG/ (2) Grad and program changes impacting both (3) UG/ Grad programs for EPC approval**
 1. **BS programs: Once approved by relevant departments, proposal to be approved by EPC. EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DUS of impacted depts**
 2. **Graduate programs: Once approved by relevant departments, proposal to be approved by DGS Committee. Upon approval, presented to EPC. Once approved, EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DGS of impacted depts and Assoc Dean for Graduate Studies**
 3. **Joint BS/Grad programs: Once approved by relevant departments, proposal to be approved by DGS Committee. Upon approval, presented to EPC. Once approved, EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DUS and DGS of impacted depts and Assoc Dean for Graduate Studies**
 - **Once approved, DUS communicate process to DGS.**
3. Articulation of MATH 310 from community colleges
4/18/25 Math dept: renumbering MATH 310 to "MATH 218" for Spring 2026. COE requests to MATH dept:
 - a) **include “formerly MATH310, and does not grant credit if taking/taken MATH310” and**

- b) comment in CRS “a major like ME cannot take MATH310 or MATH 218 AND MATH320 for a math minor” – currently this is listed in Math Minor Requirement only: Effective Summer 2023: Students may not use both MATH 310 and MATH 320 for the mathematics minor. Only one of those two courses may be counted towards the minor requirements.

Miiri to reach out to Dana to let her know about upcoming change; request guidance if we need to submit program changes for all BS degrees.

2/25/25 update from Math DUS: “Our Undergraduate Studies Committee voted last week to approve changing MATH 310 to a 200-level course. Our office will now start the process of moving forward to get this change implemented in the CRS system. I will continue to keep you posted on any major developments as they occur.”

EPC meeting #8 Spring 2025

May 5, 2025

Attendees: Ataei, Komperda, Kosmach, Kotche, Parde, Wang, Zdunek

Meeting Minutes

CRS APPROVALS

1. CS 411 – approved pending updating 1) restrictions for UG and 2) remove reference to auditing the course
2. PHYS / BME 572 – approved
3. CHE 591 – pending.... (Alan to send to DGS committee for approval before coming to EPC for vote. Does language need to say “may not be repeated for credit”) – XXX 591 courses have not been submitted to CRS

MAJOR TOPICS

1. Document process for curriculum revisions (like a flow chart) -language below approved. Miiri to share with Carmen for review/comments/approval by DGS committee.
 - Miiri’s proposed process language for (1) UG/ (2) Grad and program changes impacting both UG/ Grad programs for EPC approval
 2. BS programs: Once approved by relevant departments, proposal to be approved by EPC. EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DUS of impacted depts
 3. Graduate programs: Once approved by relevant departments, proposal to be approved by DGS Committee. Upon approval, presented to EPC. Once approved, EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DGS of impacted depts and Assoc Dean for Graduate Studies
 4. Joint BS/Grad programs: Once approved by relevant departments, proposal to be approved by DGS Committee. Upon approval, presented to EPC. Once approved, EPC chair (currently Assoc Dean for UA) notifies Office of Academic Affairs on behalf of COE, cc: DUS and DGS of impacted depts and Assoc Dean for Graduate Studies
2. Issue related to Item 1 above. DUS feel that 500-level grad courses should first be approved by Grad Committee, as they do not have knowledge of grad programs. EPC is only DUS, per COE Bylaws, but all business and authority of EPC focuses on undergraduate programs. Miiri to discuss with Carmen about how this should be handled.
3. Dept DUS want to review all retroactive withdrawals before final College approval. Miiri to communicate to Ken.

OTHER TOPICS

Articulation of MATH 310 from community colleges

4/18/25 Math dept: renumbering MATH 310 to "MATH 218" for Spring 2026.

- COE wants to confirm if this will be a course renumbering, and if so – will DARS/Transferology automatically update? – Miiri emailed Math dept
- COE request to MATH dept. 4/21/25
 - a) include “formerly MATH310, and does not grant credit if taking/taken MATH310” and
 - b) comment in CRS “a major like ME cannot take MATH310 or MATH 218 AND MATH320 for a math minor” – currently this is listed in Math Minor Requirement only: Effective Summer 2023: Students may not use both MATH 310 and MATH 320 for the mathematics minor. Only one of those two courses may be counted towards the minor requirements.

Miiri to reach out to Dana to let her know about upcoming change; request guidance if we need to submit program changes for all BS degrees.

EPC meeting #1 Fall 2024

Sept 9, 2024

Attendees: Ataei, Komperda, Kosmach, Kotche, Smith, Parde, Wang, Zdunek

Meeting Agenda

1. Prereq overrides [Reminder to DUS to share with faculty](#)

Cannot override prereqs: “international , Veteran students or scholarship recipients receive aid that is only disbursed once they finalize their schedules. If classes are not available, then the only thing we can tell them is to register for classes out of interest or consider pursuing a minor which I know is not what they want to hear.”

2. MCS 260 to satisfy CS 109 requirements?

(TADA changed the articulation again for MCS classes. They won't automatically update the articulation tables to use MCS 260 to substitute CS 111 until the catalog indicates this is an appropriate substitution.)

CS to update catalog and update CRS- CS 107/109/111/112 – CME/CHE/MIE/BME will accept CS 111 and equivalent in lieu of CS 109. Natalie to keep EPC updated on submission status so depts can MoM.

3. Make CME 494 permanently 3 credit hours instead of a variable credit hour course

[Hosseini – will update CME 494 in CRS](#)

4. Study abroad course approval process. Do department curriculum committees need to approve?
Need to come to EPC?

[Committee voted to permit up to 3 technical credit hours for 494 \(491 in ECE\) for faculty-led study abroad courses in the College. If faculty want course to be additional hours, must use free elective hours or non-degree credit. Unanimously approved.](#)

5. Course repeat policy <https://registrar.uic.edu/student-records/course-repeat/>

Courses with D or F grades may be repeated once without written permission. To repeat a course more than once requires written permission from the student's college dean.

[Committee discussed the lack of enforcement of this policy; no way to easily know which students are re-enrolling multiple times with D/F grades. Concern if policy isn't well-communicated to students, students may not realize they cannot progress with multiple F or Ds.](#)

During advising week – DUS remind faculty about withdrawal policies – max 4 transcribed course withdrawals permitted. <https://registrar.uic.edu/registration/drop-policy-undergrad/>

6. Automated prereqs checking for 300, 400 level courses

DUS will submit to Miiri, who will make request to Dana's office

7. Ongoing concerns about increased OIS denial of CPT courses. Need to escalate to the Dean, as there seems to be no path forward. Graduate programs are creating MS Coop track, but not feasible for BS programs.
8. Miiri add to next EPC meeting: policy for additional work for graduate credit (3 vs 4 credit hours)

CURRENT CRS ITEMS

1. CME 412 – new elective course **unanimously approved**
2. CME 211 – remove prereqs **unanimously approved**
3. CME 396 – revising credit hours **unanimously approved**
4. CS 112 – credit not given to CS 107, 109, 111, 113 **Approved by BIOS on 1/19/24, Unanimously approved by EPC. Miiri contacted LAS for crosslist approval.**

OUTSTANDING OTHER TOPICS

1. Study abroad CEA – Feb presentation. Feedback? **Need all EPC to validate. Following this, Miiri will draft email communication to be sent to depts/faculty and link to website.**
2. Credit override for >18 hours. Do depts want to approve first? **EPC unanimously approved to have depts approve first. Miiri and Ken to specify process.**
3. Too many retroactive semester withdrawals after finals. If we know who these students are in advance, academic advisors can reach out. How can instructors be more engaged to alert us/students about students who aren't attending? iAdvise (flag)? **Spring 2024 discussion: Should COE send a message to faculty at mid-semester asking them to reach out to students not attending to be aware of deadlines? Jon relayed information about 3 students who have late W but were advised of poor grades in advance.**
4. Articulation of MATH 310 from community colleges
Math agreed to this and looking into any structural issues that would prevent a change.

EPC meeting #2 Fall 2024

Sept 23, 2024

Attendees: Ataei, Kosmach, Kotche, Parde, Smith, Wang, Zdunek

Meeting Minutes

CURRENT CRS ITEMS

1. ME 451: Update energy engineering curriculum. Cross list between ME and ENER. Switch ME to controlling course (with ENER cross listed). **Unanimously approved**

OTHER TOPICS

1. UIC AI guidance for faculty:
<https://today.uic.edu/generative-ai-resources-and-guidance-for-faculty/>

<https://teams.microsoft.com/l/team/19%3A1r99skWegs795b7EZq9RhKAwNPObJ6UCoA-EDcHgQ5o1%40thread.tacv2/conversations?groupId=ea81578e-2002-4934-9c5a-cdcfcf491a44&tenantId=e202cd47-7a56-4baa-99e3-e3b71a7c77dd>
2. ABET preparations: how are DUS involved/assisting – **Loay was invited to next EPC meeting but he is meeting with each dept individually**
 - a. Will depts have ABET chairs or is this DUS?
 - b. Course reductions or overcomp?
 - c. What support will we receive from COE?
 - d. What is necessary info that needs to be prepared?
3. Automated prereq checking – **Miiri sent a prioritized list to Dana (list in EPC documents)**
<https://academicprograms.uic.edu/courses/deadlines/>
 - CHE 301 (CHE 201, CHE 205) **priority 1**
 - CHE 311 (credit or current CHE 201; and MATH 220, and CHE 205) **priority 1**
 - CHE 312 (CHE 311) **priority**
 - CHE 313 (CHE 301) **priority 1**
 - CHE 321 (CHE 210, MATH 220 and credit or concurrent CHE 301) **priority**
 - CHE 330 (CHE 230 or CME 260; and CHEM 232)
 - CHE 341 (MATH 220 and CHE 312 and CHE 313 and CHE 321)
 - CHE 381 (CHE 312)
 - CHE 382 (CHE 313)
 - CHE 396 (CHE 312 and CHE 313 and credit or concurrent CHE 321)
 - CHE 397 (CHE 396)
 - ***Need to update CRS:
 - BME 397 (BME 396, and BME 332 and BME 333 and BME339 (student must pass 396 and all of its prerequisites before taking 397).
 - BME 460 (CME 260; and BIOS 220 or BIOS 222 or BIOS 286 or BIOS 340 or PSCH 262 or CHEM 232) **priority**

- BME 310 ([MATH 220](#) and [MATH 310](#); and BIOE 240 or [BME 240](#))
- ECE 396 (ENGL 161; and ECE 225; and ECE 340 or ECE 346 or ECE 366. Open only to seniors) **priority**
- ME 347: MATH 220 and CME 203 and ME 250 **priority**
- ME/IE 396: ME 347 and IE 201; or IE 345 and IE 201. Open only to seniors **priority**

4. MCS 260 to satisfy CS 109 requirements?

(TADA changed the articulation again for MCS classes. They won't automatically update the articulation tables to use MCS 260 to substitute CS 111 until the catalog indicates this is an appropriate substitution.)

CS to update catalog and update CRS- CS 107/109/111/112 – CME/CHE/MIE/BME will accept CS 111 and equivalent in lieu of CS 109. Natalie to keep EPC updated on submission status so depts can MoM.

5. Study abroad course approval process. Do department curriculum committees need to approve? Need to come to EPC?

MODIFICATION to recent policy: BME to discuss further in department. Other departments will not accept additional credit hours for study abroad. Committee voted to permit up to 3 technical credit hours for 494 (491 in ECE) for faculty-led study abroad courses in the College. If faculty want course to be additional hours, must use free elective hours or non-degree credit. Unanimously approved.

6. **Differential credit policy** Departments should ensure syllabi/faculty are adhering to this policy <https://policies.uic.edu/educational-policy/differential-credit-policy/>

Policy Statement: Courses at the 400-level that enroll both undergraduate and graduate/professional students, and courses at the 500-level and above, may offer a differential of one (1) additional credit hour between contact and credit hours for graduate/professional students. Departments, in consultation with their college, may propose courses that offer the credit differential to achieve additional learning objectives specific to their programs of study that involve an equivalent amount of work to that required for a credit hour, as defined in the Contact/Credit Hour Policy.

Requests for courses offering differential credit between contact and credit hours must explain the requirements and rationale for the additional credit hour.

The syllabus for each course with differential credit must state the requirements for the additional credit hour.

In addition, the Higher Learning Commission, which accredits UIC, requires evidence that all courses carry credit appropriate for the contact hours and the workload expected of students. The revised policy makes it clear that differential credit is based on differential requirements.

OUTSTANDING OTHER TOPICS

1. Study abroad CEA – Feb presentation. Feedback? **Need all EPC to validate. Following this, Miiri will draft email communication to be sent to depts/faculty and link to website.**
2. Credit override for >18 hours. Do depts want to approve first? **EPC unanimously approved to have depts approve first. Miiri and Ken to specify process.**
3. Too many retroactive semester withdrawals after finals. If we know who these students are in advance, academic advisors can reach out. How can instructors be more engaged to alert us/students about students who aren't attending? iAdvise (flag)? **Spring 2024 discussion: Should COE send a message to faculty at mid-semester asking them to reach out to students not attending to be aware of deadlines? Jon relayed information about 3 students who have late W but were advised of poor grades in advance.**
4. Articulation of MATH 310 from community colleges
Math agreed to this and looking into any structural issues that would prevent a change.

EPC meeting #3 Fall 2024

Oct 21, 2024

Attendees: Ataei, Kotche, Kosmach, Parde, Smith, Zdunek, Wang

Meeting Minutes

CURRENT CRS ITEMS

1. CS 109 – due to IAI, MCS 260 now satisfies CS 109 rqmt
EPC approved pending update to “Bioengineering” to “Biomedical engineering”
 - a. **Natalie** to update change from to “Bioengineering” to “Biomedical engineering” and let Miiri know when change has been made in CRS
 - b. **CS** to modify CS 111, 112, 113 or 107 CRS forms as well
 - i. so TADA office can change articulation tables such that MCS 260 also satisfies CS 111
 - ii. CS+Ling program impacted
 - c. **All other depts** review their catalog information to ensure that their programs will or will not accept CS 107/109/111/112/113, ie. “credit not given to CSxxx if the student has credit for CSxxx OR CSxxx OR CSxxx, etc”
 - d. **CME/CHE/MIE/BME** to now use Mod Major form to accept CS 111/MCS 260 in lieu of CS 109
2. CME 470 unanimously approved
3. CME 573 unanimously approved

OTHER TOPICS

1. 8 week course – grades due at end of session but CME has weather-dependent course that prevented students from completing work. Discussed concern about student grievances requiring students to complete after the term. Suggestion to use simulated data so as not to delay grading/course deliverables. All members confirmed that grades must be submitted by end of 8 week session, reinforced by Registrar’s office. **Hosseini** to share requirement with CME faculty member.
2. CS+Philosophy program: Unanimously approved 5/5 DUS attendees.
3. Automated prereq checking submitted to Dana Wright – FYI to EPC, Noted that 400-level ECE courses are not yet enforced and causing a problem, esp since 200, 300 levels prereqs are enforced.
4. GEN ED curriculum committee membership – COE representation <https://apra.uic.edu/general-education-assessment/ge-assessment-committee-council/> EPC representative needed to represent COE.

5. Credit override for >18 hours.

- a) Ken will review previous years' 2.0-2.4 GPA for overload petitions, report to EPC
- b) Ken to update petition to verify additional courses do not violate any. course prerequisites

Proposal

- Any student with a GPA (Inst GPA/UIC GPA. of 3.0+), automatically grant them a credit overload (this would be the majority of petition request)
 - Any student with a GPA of 2.5 – 2.9 would need approval of the DUS
 - TBD: GPA 2.0-2.4
 - Any student with a GPA below 1.9, automatic deny (currently being done)
6. Study abroad CEA – DUS follow-up meetings and will share updates with EPC

OUTSTANDING OTHER TOPICS

1. Too many retroactive semester withdrawals after finals. If we know who these students are in advance, academic advisors can reach out. How can instructors be more engaged to alert us/students about students who aren't attending? iAdvise (flag)? Miiri looking into flag options in iAdvise for faculty, met with Joey Volpe in OAD to discuss opportunities to increase utility of iAdvise for college.
2. Articulation of MATH 310 from community colleges
Formal vote in Math Dept UG studies committee coming in Nov.

EPC meeting #4 Fall 2024

Nov 4, 2024

Attendees: Komperda, Kosmach, Kotche, Lilley, Parde, Smith, Wang, Zdunek

Meeting Minutes

CURRENT CRS ITEMS

1. ME 396 **unanimously approved**
2. CS 109 – due to IAI, MCS 260 now satisfies CS 109 rqmt
EPC approved pending update to “Bioengineering” to “Biomedical engineering”
 - a. **Natalie** to update change from to “Bioengineering” to “Biomedical engineering” and let Miiri know when change has been made in CRS **submitted to CRS 11/7/24**
 - b. **CS** to modify CS 111, 112, 113 or 107 CRS forms as well
 - i. so TADA office can change articulation tables such that MCS 260 also satisfies CS 111
 - ii. CS+Ling program impacted
 - c. **All other depts** let colleagues/students know that credit isn’t given for CS 109 if credit in CS 107, 111, 112, 113 or MCS 260 has been granted. (mostly impacts transfer students. These students do not need to take CS 109 in that case), will need to Mod Major form to accept CS 111/MCS 260 in lieu of CS 109

OTHER TOPICS

1. Carmen Lilley – graduate program items.
<https://uofi.box.com/s/d5i2p6ct6rg9o884bg883p56hq44ifwn>
Carmen will create CRS courses for all new course proposals. Once submitted, Miiri will share with EPC for review with program modification proposal.
2. Carmen Lilley – can I remove all pending CRS changes from 2017 for MENG (414,415,432, 465, 466, 475). Miiri will send CRS forms for these courses to Carmen. Jon has concerns about losing any course numbers that previously were approved, to avoid issues at SCEP. Carmen agreed that she will create new course numbers to accommodate the new courses focused in ML/AI.
3. Credit override for >18 hours. **YES**
4. Suggestions for more dept involvement for recruiting?
Zhinan: Weekday or weekend open house during the semester.
Ken: hs advisors come to campus?
Jon: MIE wants student stipends, funds, buyouts for faculty
Alan: pre-pandemic, depts were more involved with recruiting events
5. Need a DUS to please volunteer to create meeting minutes. Let’s discuss a process to rotate responsibilities.

OUTSTANDING OTHER TOPICS

1. Study abroad CEA – Feb presentation. Feedback? Need all EPC to validate. Following this, Miiri will draft email communication to be sent to depts/faculty and link to website.
3. Too many retroactive semester withdrawals after finals. If we know who these students are in advance, academic advisors can reach out. How can instructors be more engaged to alert us/students about students who aren't attending? iAdvise (flag)? Spring 2024 discussion: Should COE send a message to faculty at mid-semester asking them to reach out to students not attending to be aware of deadlines? Jon relayed information about 3 students who have late W but were advised of poor grades in advance.
4. Articulation of MATH 310 from community colleges
Math agreed to this and looking into any structural issues that would prevent a change.

EPC meeting #5 Fall 2024

Nov 18, 2024

Attendees: Ataei, Kosmach, Kotche, Parde, Smith, Wang

Meeting Minutes

CURRENT CRS ITEMS

We will alternate meetings to focus on CRS approvals or non-CRS topics.

1. MCS 260 → MCS 160 effective S25. Impacts language and possibly prereq checking.

Natalie will update CRS forms

Miiri to send note to Dana when list is confirmed and CRS' are submitted:

- CS 100
- CS 107
- CS 109
- CS 111
- CS 112, also needs LAS cross-list approval
- CS 113
- CS 141
- CS 151
- CS 211
- CS 251
- CS 479

OTHER TOPICS

1. Carmen Lilley – graduate program items.

<https://uofi.box.com/s/d5i2p6ct6rg9o884bg883p56hq44ifwn>

Carmen to modify CRS forms with assessment and LO aligned, will update program modification proposal with new MENG course numbers. Once updates are received, Miiri will request email review/vote.

2. Hossein: Civil Engr catalog: <https://catalog.uic.edu/ucate/colleges-depts/engineering/cme/bs-cive/>
Update language to explicitly stay in footnote:

Preferred catalog language here below. Ken will work with Dana to update catalog and TADA to update degree audit to ensure alignment.

- CME 207 or IE 201 (CME 207 preferred)
- MATH 310 or STAT 381 (STAT 381 preferred)

Dana's email stated: MATH 310 and CME 207 *OR* STAT 381 and either CME 207 or IE 201

3. How can recruiters know more about your UG programs?

Share depts' open house information with recruiters, DUS' will connect recruiters with faculty who can provide further details about their programs

4. Faculty PD re: student wellness with the counseling center Elsa is coordinating with DUS to meet with Counseling Center to provide resources.

5. CS - update to the catalog to say any 400 level CS course can be used as a Tech Elective? Would avoid use of Modification of Major forms **Ken and Natalie to ensure procedural change to eliminate need to use ModMaj forms is a process that works for CS and UA advisors, that can easily be updated when new courses are approved.**
6. **Miiri send out Dana's automated prereq list to DUS.**
7. Study abroad CEA – Feb presentation.
Zhinan and Natalie met with CIEE reps, questions remain regarding prerequisites, bundling of courses for a full semester, etc.
8. We also discussed challenges with faculty-led programs which may result in need for College-wide policy about how courses get approved. **Miiri asked DUS to get feedback from depts about if study abroad should be handled differently than 391/394/494 type classes.**
9. Course prerequisites:
 - Already in queue for Spring 2025: ECE 396, ME/IE 396, ME 347
 - Per Dana, "I will do my best to get all of the higher priority courses done for Spring as well"
 - Highest priority: BME 460, BME 310, CHE 301, CHE 311, CHE 313, CHE 312, CHE 321

Why are there no CME courses submitted for Spring 2025? @hossein, Please submit for Summer/Fall 2025.

OUTSTANDING CRS

1. CS 474 **tabled until 12/2**
2. CS 485 **tabled until 12/2**
3. IE 567 **tabled until 12/2**
4. IE 569 **tabled until 12/2**
5. ME 451 **tabled until 12/2**

OUTSTANDING OTHER TOPICS

10. Articulation of MATH 310 from community colleges
Math agreed to this and looking into any structural issues that would prevent a change. Miiri to follow up at end of Nov, when Math dept has dept discussion/vote on this

EPC meeting #6 Fall 2024

Dec 2, 2024

Attendees: Ataei, Komperda, Kosmach, Kotche, Parde, Smith, Wang

Meeting Minutes

- Miiri placed updated automated prereqs checking requests in EPC folder so all are aware of courses in queue (updated by Dana on 11/25/24).
- MENG program changes – vote by email due 12/3/24 **unanimously approved 12/3**

CURRENT CRS ITEMS

1. IE 567 **unanimously approved**
2. IE 569 **unanimously approved**
3. ME 451 **unanimously approved**
4. BME 480 **unanimously approved**
5. CS 474 **unanimously approved**
6. CS 485 **unanimously approved**
7. CS 100 **unanimously approved, pending inclusion of MCS 260 as “credit not given with previous credit in XXX”**
8. CS 112 (MCS 160/260 and LAS x-list approval) **unanimously approved, pending inclusion of MCS 260 as “credit not given with previous credit in XXX”**
9. CS 141 **unanimously approved**
10. CS 351 **unanimously approved**
11. CS 398 **CRS change not necessary. Natalie to cancel CRS submission, change proposed through program modification :**
<https://uofi.app.box.com/s/s174r67b27fhmkjuv6ya1oqttc1a4npo>
12. CS 427 approved **unanimously approved**
13. MENG 416 **approved, pending check of contact hours with Carmen**
14. MENG 417 **Carmen updated 12/17/24, and Miiri approved 12/17/24**
 - **Needs response to “Credits exceed the number of contact hours. Explanation:”**
 - **Why do other MEng courses say “Meets eight weeks of the semester.” in course desc but not this one?**
 - **approved, pending check of contact hours with Carmen**
15. MENG 418 **approved, pending check of contact hours with Carmen**
16. MENG 419 **approved, pending check of contact hours with Carmen**
17. MENG 420 **approved, pending check of contact hours with Carmen**
18. PHYS 450 **approved, pending confirmation of ECE. 12/12 EPC approved**
19. PHYS 571 **approved, pending confirmation of ECE. 12/12 EPC approved**

Also Miiri to ask Dana why doesn't ECE need to approve? Per Monica Soto:

Courses are routed to departments impacted by changes only when the controlling-department adds them to the CRS request change. Since Physics did not include Electrical and Computer Engineering in the CRS request for PHYS 450, they have not received notification that there is a change pending in the system. If other PHYS courses are pending ECE's approval in CRS, it sounds like Physics uses the feature as intended - to give other departments a heads-up that a change is happening to a course that impacts their students. Perhaps it was an oversight to not include them to PHYS 450 & PHYS 571. The sign-offs in CRS allow departments that have been added to a request, to submit "approval" in the system. And this feature is not widely used in CRS so you may have not seen it previously. If a department does not sign-off in two weeks, the request moves forward without approval of that department/unit. This allows the request to continue through the approval process and not get stuck in the system pending sign-off approval. (Does CS 107, 109, 111, 113, 151, 211, 251, 479 need to be updated as well? Impacts language and possibly prereq checking.

Miiri to send note to Dana when CS course list is confirmed and CRS' are submitted.

EPC meeting #7 Fall 2024

Dec 16, 2024

Attendees: Ataei, Komperda, Kosmach, Kotche, Smith, Zdunek

Meeting Minutes

1. Joint BS/MS degree proposal for ME and IE. Approved by EPC, pending minor edits provided by Jim K. Timing of approval is concurrent with campus-level changes to the joint degree program, so Jon will inquire with Dana Wright to understand impact that will ideally prevent needing subsequent modifications to the proposal once approved. Jon will submit proposal to Dana's office, cc: Miiri.
2. ENGR 100 – alternating weeks vs Term A / Term B
While exploring options to make the CRN for sections visible and major specific, one option is to create the course in alternating weeks throughout the course of the term. Currently ENGR 100 is 8 weeks, freshmen in Term A and transfer in Term B, due to space considerations. This change could address multiple current challenges, but are there disadvantages? Discussed briefly with BME, CME, MIE – no unknown disadvantages.
3. Faculty-led programs may result in need for College-wide policy about how courses get approved. BME, CME, MIE discussed creation of College-wide policy for faculty-led study abroad programs. Spring 2025 – need to have dedicated meeting to discuss. Possible ENGR 494 course that is cross-listed with each dept.

OUTSTANDING OTHER TOPICS

1. Articulation of MATH 310 from community colleges
Math agreed to this and looking into any structural issues that would prevent a change.
 - Response from Math dept 12/3/24: "The status is that there is an ongoing internal conversation in our department about how this change could affect our MCS major. Unfortunately we did not make the Dec 2 deadline for the CRS changes for Fall 2025, but it is important to get this done right. I will keep you updated as soon as those internal discussions have been resolved."
 - Meeting with VP Academic Programs and Effectiveness week of 12/16/24, this is an agenda topic
